

Dot to Dot Pictures

How did you get on with the Dot to Dot Pictures? This is the first time that I've included them in your activities. I'd be interested to know what you think of them. Please let me know.

1. Acorn
2. Tree
3. Leaves
4. A **bucket** containing **fruit** next to a **pumpkin** and a **corn on the cob** on top

I know some of you like the colouring books that we have at the groups. If you have felt tips or crayons, you could use them to colour in these Dot to Dot Pictures. Or you could use different pressures and directions with an ordinary pencil as I've done below.
